

THE MONARCH AWARD: ILLINOIS' K-3 READERS' CHOICE AWARD

The Monarch Award: Illinois' K-3 Readers' Choice Award will be presented annually to the author and/or illustrator of the book voted as their favorite by students in Kindergarten through Grade Three in participating Illinois schools or public libraries. The Monarch Award is sponsored by the Illinois School Library Media Association.

The name Monarch was chosen:

- To embody the emergence of children as they move from non-readers to independent readers.
- To symbolize the growth, change, and freedom that becoming a reader imparts.
- To connect to K-3 children's familiarity with the Monarch Butterfly, Illinois' state insect.

PURPOSE:

- To encourage children and adults to read children's books for personal enjoyment.
- To help children become familiar with books, authors and illustrators.
- To encourage children to read critically.
- To develop a statewide awareness of outstanding literature for children.
- To promote cooperation among agencies providing educational and library service to children.

OVERVIEW:

The program will be administered by the Monarch Steering Committee.

- The committee will seek nominations of outstanding works of literature for children annually from school library media specialists, public librarians, teachers, and students.
- All nominations received by the committee and which fit the criteria will be given consideration.
- A volunteer reading committee will select a Master List of 20 titles from the nominated books. These titles must include a range of interest and reading levels for grades K-3.
 - The list will contain at least three of each of the following types of children's books: picture books, easy readers, and chapter books. Nominees may be fiction and nonfiction.
- Students and their teachers in participating schools will be encouraged to include titles from the master list in their reading or listening experiences during the school year.
- Students will vote for their favorite from the Master List.
- Votes from the statewide balloting will be compiled in February to determine the winner of the Monarch Award.
